natural make up

Organic Glamour

Charme Organique!

Put your best face on!

Let's face the facts – it requires effort to achieve even the most natural look. Get glowing, with **NEW Couleur Caramel** Face care:

Couleur Caramel Pressed Powder

A voluptuous, practical pressed powder that enhances the complexion and curtains it with a slight patina. Micronised to a texture 9-times thinner than traditional products, with an even textured diffusion, for a long-lasting flawless finish. Helps eliminate excessive oils by matifying and evening the skin tone.

5 colours suitable for most skin types.

Couleur Caramel Loose Powder

An extremely light powder enriched in active principles. A paraben-free 100% natural product with an incomparable lightweight, silky texture. A versatile face powder to help matte down or blot the skin. May be used alone, or over make-up. Its very thin texture enables a better diffusion and spreading of the colour. A 100% vegetal and mineral composition. Contains preservative and vegetal anti-oxidising agents such as Rooibos (or Red tea) extract, Arctic blackberry (*Oxycoccus palustris* Seed oil), Amaranth seed oil (*Caudatusamarantus*), Vitamin E, which help to eliminate the damaging free radicals responsible for ageing.

3 colours: Light Sandy Beige, Light Beige, Golden Beige

Couleur Caramel Sun Powder

A light, natural glow for every season, with complementary tones which beautifully enhance the face. An ultra-natural bronzed sheen and instant luminous effect. Provides a beautiful, transparent complexion and helps prolong tan. The perfect alternative to exposure to the harmful effects of the sun. A paraben free 100% natural product, which helps protect the skin from outside aggressions (cold, wind and pollution). Similar composition to that of the compact powder, except for added large mother-of-pearl particles which highlight points on the face.

3 colours suitable for most skin types.

Couleur Caramel Blush

Luxuriously soft, this blush warmly flushes the cheeks when applied lightly, or brings them into rosy bloom when applied generously. Blends well; layers exquisitely. Gives a vibrant, dewy fresh look when delicately applied to the cheekbones, while shaping and sculpting the face. A paraben free 100% natural product, containing Sunflower seed, Grapeseed, Soya and Squalene olive oils, specially blended to help nourish, revitalise and regenerate the skin.

2 colours suitable for most skin types.

Couleur Caramel Terre Caramel

Introducing the most exclusive product in the Couleur Caramel range. A true terracotta, slowly and carefully oven-baked over 8 hours. This unique formula is ideal for use over face and body. When brushed over décolleté, shoulders, arms and legs, it creates a sun-kissed glow, without being exposed to harmful UV rays. A paraben-free 100% natural product, which contains Algal silicium (*Asparagopsis armata*) – a preservative, anti-oxidant which, like any other silicium, helps restructure the skin and favours hydro-regulation.

4 colours: Rosy, Orange, Golden and Ochre.

Couleur Caramel Pearl Touch

Pure mother-of-pearl for a recreational use as an eye shadow, or over the entire face for a dramatic sparkle effect.

A paraben-free 100% vegetal and mineral composition.

4 colours: Copper, Golden Bronze, Silver and Garnet.

Couleur Caramel Crème Foundation

Sheer, emulsion, powder-based formula offering perfect coverage for a flawless finish. Certified as environmentally friendly by ECOCERT - 98.6% total ingredients are from natural origin, while 51% total ingredients are from the organic agriculture. Among a range of natural, organic ingredients, it also contains the unique Kalahari's melon oil (*Citrillus lanatus* (Watermelon) Seed oil) which has regenerative and restructuring properties and contributes to the integrity of the skin's cellular wall and suppleness.

5 colours: from Light Sandy Beige to Dark Beige.

Couleur Caramel Pre Make-up Base

An ultra-fluid cream formulated with special-effect ingredients. Helps calm and soothe the skin, blots away excess oil, and evens out skin redness. Improves the canvas for application of foundation or powder. Amongst natural oils, it also contains essential Cassie wax (*Acacia farnesiana* wax). This wax is a treating wax which helps remove "brown spots" of senescence, by acting on the melanin disorders which are responsible for the apparition of ageing.

3 colours: White, Green & Apricot base.

Couleur Caramel Corrector/Anti Dark Circles Concealer

This creamy textured, magic formula, helps hide spots, dark circles, and age/pigmentation spots. Contains organic Sweet almond and Babassu oils, providing a great fluidity while helping treat and protect the skin.

5 camouflaging colours.
