

Found: a natural solution for scarring, stretch marks, dryness and uneven skin tone!

Skin troubles getting you down? Treat the problem naturally with **Natralia Nourish Skin Oil**. Combining herbal extracts, essential oils and homeopathic ingredients, **Natralia Nourish Skin Oil** is a natural hypoallergenic formulation that helps improve the appearance of scars, stretch marks and uneven skin tone, while making skin softer, smoother and more supple. Don't leave home without this multi-tasking wonder product!

Natralia Nourish Skin Oil is the only product of its kind on the market that is free from Vitamin A and its derivatives, making it safe for use during pregnancy and breast feeding!

Natralia Nourish Skin Oil 60 ml

Daily Use - Regular daily use of Natralia Nourish Skin Oil enhances the skin's natural radiance. Apply before moisturiser to allow absorption. The convenient spray system and atomiser allows uniform dispersion. It is also ideal as an after sun moisturiser and is hypoallergenic.

Scars - The appearance of both new and old scars can be minimised by regular use of Natralia Nourish Skin Oil. The synergistic blend of unique ingredients helps revitalise skin.

Stretch Marks - Rapid change in body size causes skin to stretch which may result in stretch marks. Common causes of changes in body size are pregnancy, puberty, weight gain and weight loss.

Approximately 75-90% of women are prone to stretch marks during pregnancy, particularly in the second and third trimesters, however the likelihood of developing them varies according to skin type. Natralia Nourish Skin Oil may be applied to stretch mark vulnerable areas twice daily from the first trimester, to maintain the hydration and elasticity of the skin.

Natralia Nourish Skin Oil helps improve the appearance of existing stretch marks. It also helps reduce the appearance of new stretch marks whilst undergoing a change in body size. Massage Natralia Nourish Skin Oil into the abdomen, hips, thighs, breasts and arms twice daily to achieve maximum effect.

Uneven Skin Tone - Natralia Nourish Skin Oil helps reduce & prevent the appearance of age spots and blemishes and normalise skin tone with regular use.

Dehydrated Skin - By restoring moisture balance to the skin, Natralia Nourish Skin Oil helps provide long lasting protection against the harsh effects of the environment which commonly dry out the skin.

Natralia Nourish Skin Oil helps restore moisture balance and promotes elasticity in ageing skin. Regular use can soften fine lines and wrinkles.

Massage - The unique spray applicator with atomiser makes it easy to apply Natralia Nourish Skin Oil evenly across the skin, facilitating quicker absorption. Rub hands together to warm them up and then gently massage the oil into the affected area using slow, circular motions. Apply twice daily. A small amount of Natralia Nourish Skin Oil may also be added to warm bath water.

Natralia Nourish Skin Oil contains natural functional ingredients including Rose Hip oil, Lavender oil, Calendula oil, Evening Primrose oil, Vitamin E, Coconut oil, Avocado oil, Olive oil, Arnica oil, Hypercium Healing oil, and Everlasting (Immortelle) oil. **It does not contain any of EU 26 declarable allergens – other skin oils on the market contain up to 11 allergens which are a known declarable EU allergen, yet claim to be hypo-allergenic!**

The Natralia Nourish range is stocked at health food stores and pharmacies nationally. **For stockist details contact Brands Worldwide on 1300 5555 97.**
